Counseling and Social Work Services

LivingWell oncology trained and licensed counselors and social workers specialize in supporting individuals, families and children impacted by cancer. They are available to provide support to anyone, at any phase of cancer care.

Counseling

The emotional experience of cancer treatment can be as challenging as the physical experience. Our team of counseling professionals can help patients and caregivers talk about their thoughts, feelings, and reactions to a diagnosis. To schedule an initial consultation or telephone counseling session, please email counseling@livingwellcrc.org.

Social Work

LivingWell's licensed social workers connect patients to resources and education to help reduce stress and remove barriers to care. Resources are available to help with transportation and lodging, managing household finances and employment challenges. Social workers are also available to help patients and caregivers cope after a diagnosis and treatment changes. To connect with a LivingWell social worker, please email socialwork@livingwellcrc.org.

Survivorship Programs

I've Finished Cancer Treatment, Now What? Survivorship 101

Monday, March 28

6:30 - 7:45 pm

Presented by Dr. Christopher George, Medical Director, Medical Oncology, Northwestern Medicine Regional Medical Group

Cancer treatment can require a patient's full attention and energy for months or even years. And when it is done, the treatment can leave patients emotionally and physically spent—and even a bit disoriented as they adjust to life after cancer. Join Dr. George as he addresses what to expect as a “cancer survivor” and how you can partner with your medical team to recover from the treatment.

► To register and receive the link to join this medical presentation, complete [New Participant Form](#) (if you haven't already) and email info@livingwellcrc.org, including your first and last name, and “Survivorship Dr. George” in your subject line.

Back-On-Track Surviving Survivorship Series

Mondays, March 7 – April 18

6:30 – 7:45 pm

Many patients find themselves wondering, “Now what?” after their cancer treatment ends. This seven-week online “Back-on-Track: Surviving Survivorship” series, presented by Missy Petty, LCPC, is designed to help both patients and caregivers navigate the challenges people experience as they transition into survivorship. Topics include: changes in relationships, managing expectations, addressing anxiety and depression, the “new normal,” fear of recurrence, how to partner with your primary care physician and other providers, managing your health records, and envisioning a positive future. Attendance throughout the entire series is encouraged but not mandatory.

March 7: Pressure to Thrive

March 14: Discussion Group

March 21: Managing Moods, Stress, Feeling Stuck
